# Letter Monitoring System Jalgaon Zilla Parishad, Jalgaon Jalgaon

## Scope of Project

- It handles the process of recording all details of Letters that are inworded to Zilla Parishad, Jalgaon
- It maintains all transactional activities of Letters forwarded to each Desk of each Department by any Desk
- It records each information and remark of each desk about the Letter. And that why we can monitor each and every stage of Letter Flow
- It cares necessary Security Permissions form general users to Administrator
- This Application is built on Client-Server Technology

## Introduction to Process

- At the first stage all Letters are collected at centralized place at front office and then they are sorted according to Department and subject
- After sorting they entries are done at software with the information which Desk of Department will refer them. Then Letters with their print, forwarded to each Department
- After Receiving all Letters, The Department marks each letter to related Desk with proper remark
- When particular Desk logs on , It see all the letter forwarded to it. The Desk takes proper action regarding the letter and forwards it to next Desk with remark
- It goes on until the letter reaches to its destination or until it will declared to be closed

## Hardware Requirement

#### For Server

- Processor- Intel Pentium IV, Dual core 3.0 or above
- Mother Board- Any Compatible to above Processor
- Hard disk- 80 GB Sata Or any Compatible
- Rom Drive- DVD-RW
- Memory- 2 GB DDR2
- Monitor- Any Digital CRT/TFT

#### For Client

- Processor- Intel Pentium III Or Celeron or above
- Mother Board- Any Compatible to above Processor
- Hard disk- 10 GB Seget
- Rom Drive- CD-Rom
- Memory- 256 MB
- Monitor- Any Digital CRT
- LAN Card- Realtek Or any Compatible

## Software Requirement

#### Front-end

- Microsoft Visual Basic 6.0
- ISM-Office 3.0

#### **Back-end**

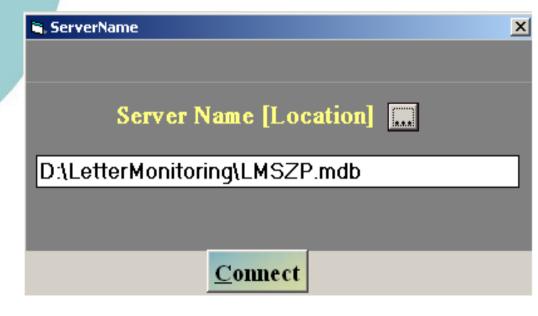

Microsoft Office Access 2003

 Client Only Require to install setup of necessary components built on Server

## Screens of Master Forms

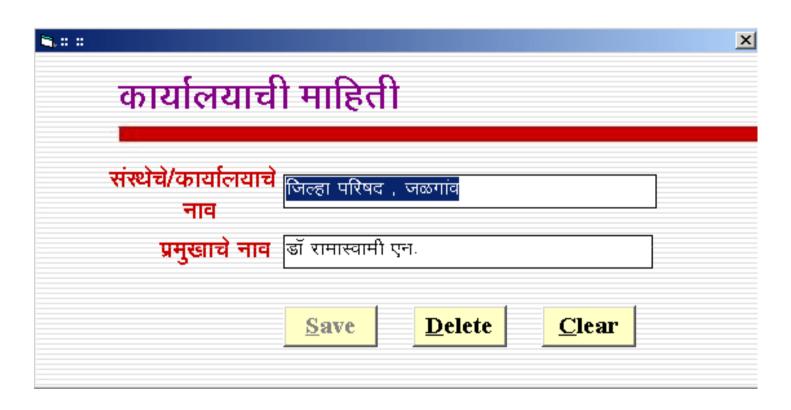

Splash Screen

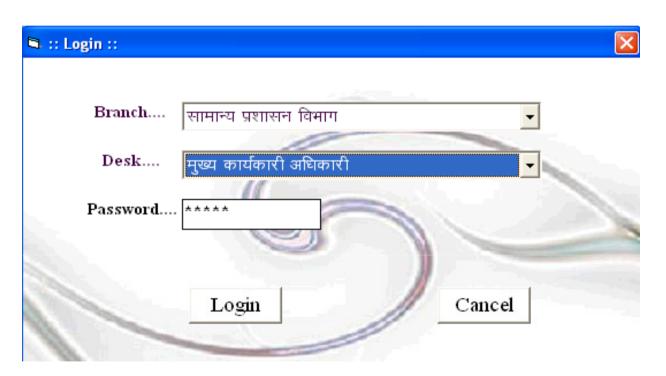

After Splash Screen If the Server Path has not been Defined, the ServerName Screen will Appear. There you have to Mention Server Name and Database Path For the First Time

## <u>Company Master</u> - It records Name and Head of the Local Self Government

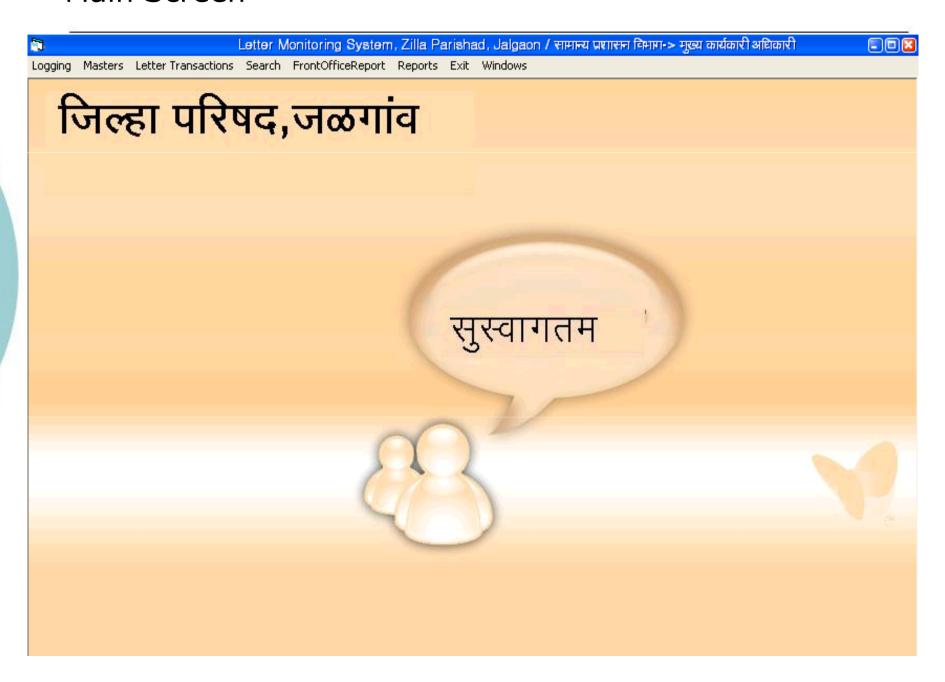

## Screens of Master Forms

Login Screen - You have to Select Concern Department Name and Desk Name of yours with Password to Login to System as Follows

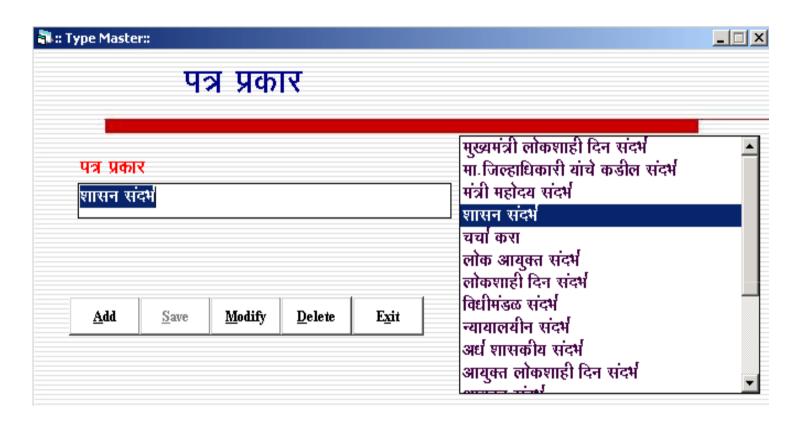

Login Screen

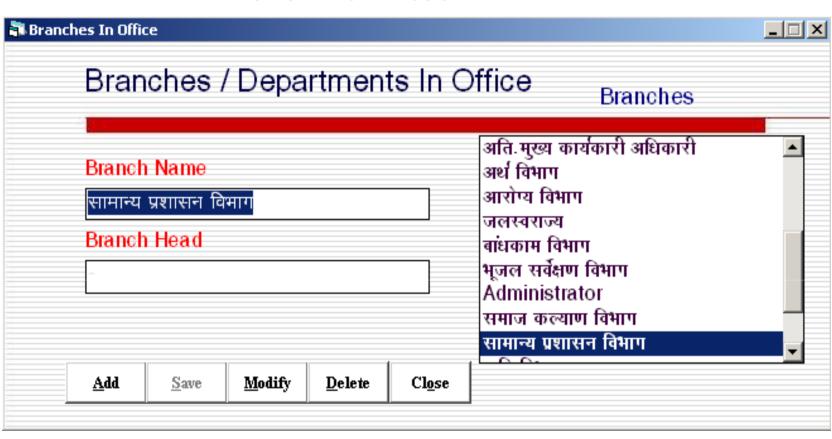

#### Main Screen

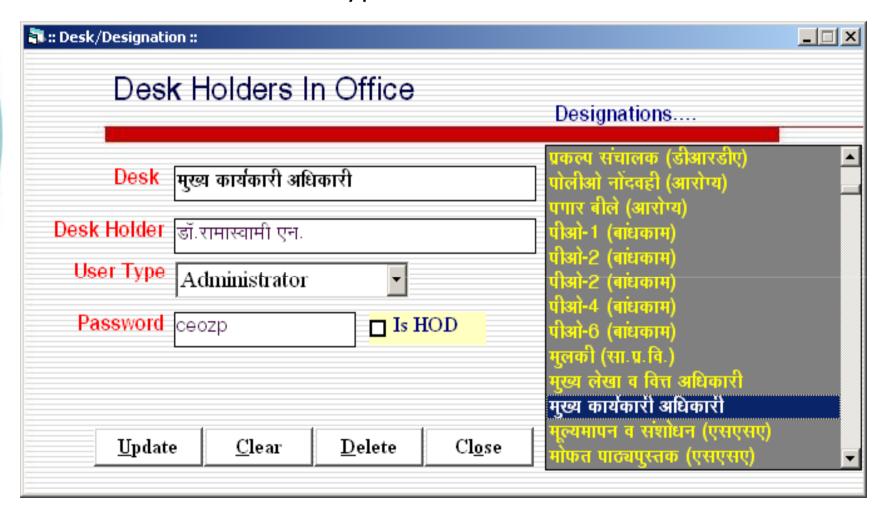

#### Type Master - It records All Types of Letters Received

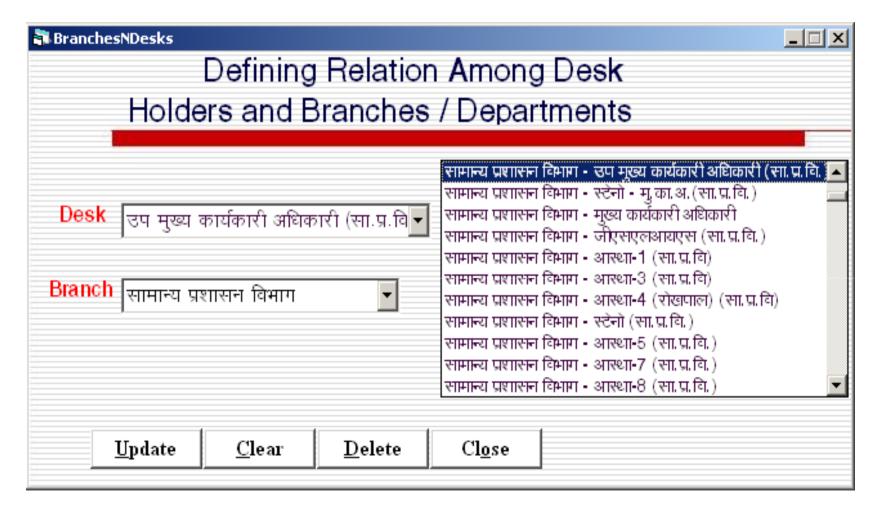

## Branch Master - It records All Branches of Zilla Parishad and Their Head

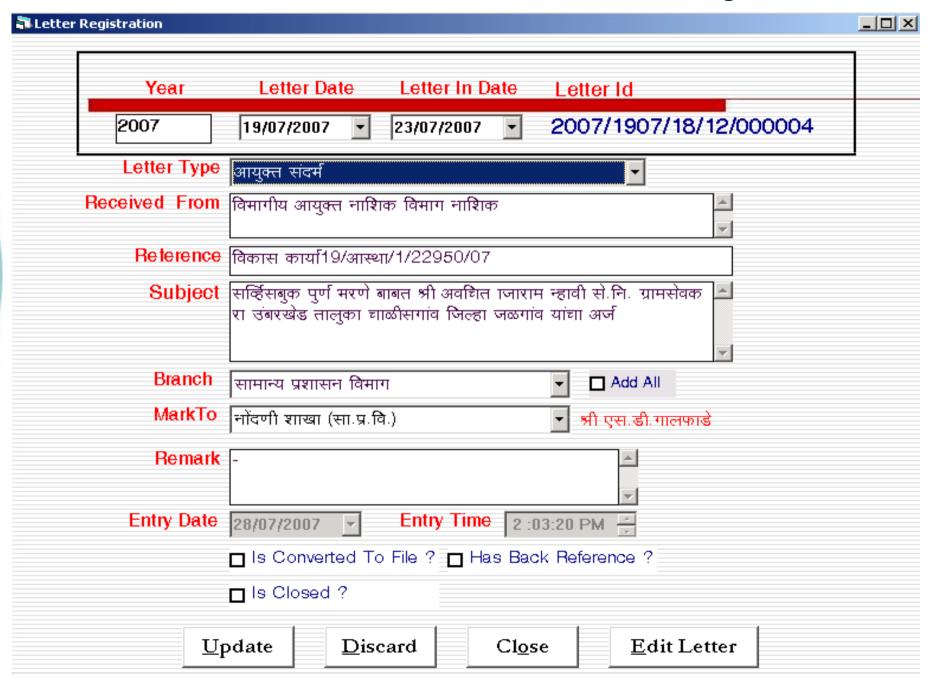

## <u>Desk Master</u> - It records All Desks of all Branches , Their User type and Password

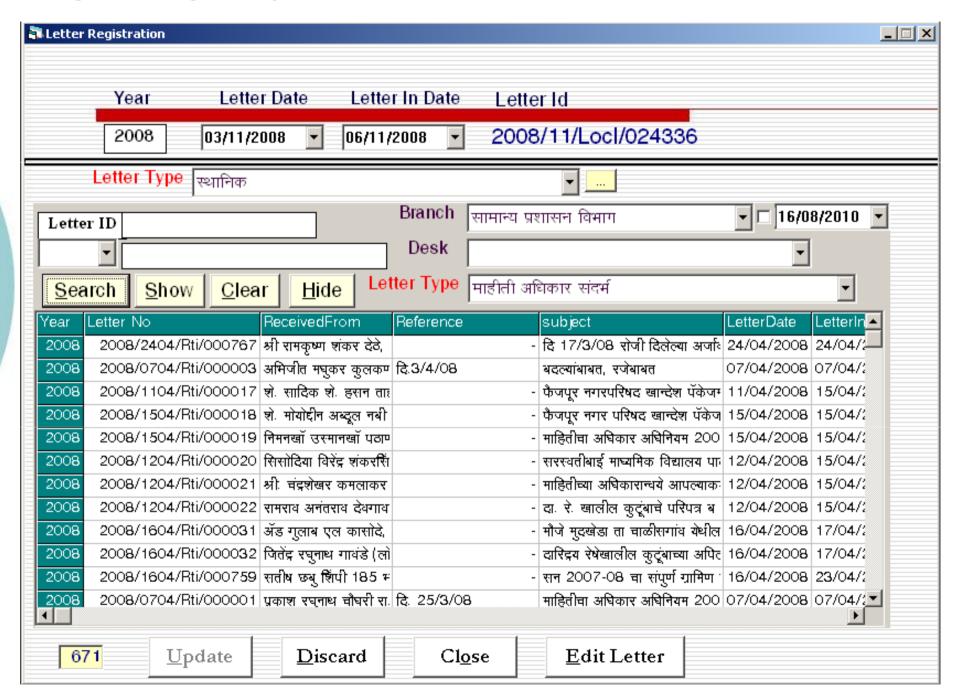

## <u>BranchesNDesks</u> - It records Which Desk is Undertaking of Which Branch
